GENERAL INSTRUCTIONS

Transactions to be reported in this form

1. In this form, you are required to report all transactions with non-residents unless otherwise stated. **Non-residents** are defined as:

   (a) Persons whose main centre of interest is **not** in Singapore or whose residence in Singapore does not exceed one year;
   (b) Companies and other bodies whose permanent or registered address is **outside** Singapore, including overseas branches or subsidiaries of Singapore-registered companies or institutions. Branches or subsidiaries of foreign companies located within Singapore are considered as residents.

2. Report transactions with non-resident related companies, even if they are made through the **intra-corporate** accounting system.

Transactions not to be reported in this form

3. In general, you need not report any transactions with **residents**. For example, payments to Singapore Telecoms for international calls need not be reported in this form. However, there are some exceptions. Please refer to specific notes for these items.

4. Do **not** report any goods imported into and exported from Singapore which have already been reported to Singapore Customs unless otherwise specified.

5. Do **not** report any remitted profits, interest, dividends, capital gains, loans, deposits, investments or any other capital flows.

6. Do **not** report any transactions with the following entities in Singapore, including their transactions on behalf of their non-resident principals:
   (a) business representative offices of foreign companies;
   (b) branches and offices of foreign airlines and shipping lines;
   (c) shipping agencies acting on behalf of foreign shipping lines.
Residency of Transacting Parties

7. For services transactions, you should identify transactions based on residency of the party whom you render services to or receive services from, and not based on the party whom you receive reimbursements from or make payments to. For example, if your company provided legal services to a firm located in Country A but was paid through a local business associate of that firm, you should report the legal services as receipts from Country A.

8. Transactions with non-residents through your overseas agents should be treated as your own transactions with non-residents. Services rendered by your overseas agents to you should be reported as import of services.

Accrual Basis

9. Report amount earned and expenses incurred during the period whether or not the amount had been received or paid.

Gross Reporting

10. Transactions are to be reported on a gross basis. Expenses incurred in the course of rendering the service, e.g. commissions, other services, etc., are to be included. Report them separately, if applicable.

Currency

11. Report receipts and payments in thousand Singapore dollars. If you are unable to report in Singapore dollars, please select the currency used and report in thousand dollars.

How to Complete the Form

12. The following example depicts how transactions carried out on behalf of your foreign principals are to be captured in Sections B1, B2 & B3:
